

Announcing the G-SITE to Passport Upgrade Kit!

Introducing the first, one-stop G-SITE to Passport Upgrade Kit

- Upgrade to new features, not just new boxes!
- Build from your favorite basic POS to a touch-screen system that's ready for the future
- Re-use valuable peripherals
- Order once, pay once – only \$7500
- Available for all G-SITE Systems shipped after 1/1/04

Simple Installation

- Kit construction and revolutionary cable harness makes on-site peripheral connections easy

Future-proof Path to Passport in one Kit!

This all-inclusive new kit provides everything needed to upgrade from G-SITE to Passport. The Upgrade Kit is now available and is compatible with all bundled G-SITE systems purchased since 1/1/2004. For G-SITE systems purchases prior to 1/1/2004, Gilbarco will continue to offer the G-SITE to Passport System Trade-In Credit Program.* To receive trade-in credit, the G-SITE CPU must be returned to Gilbarco.

With this kit, customers get everything needed to turn G-SITE into Passport:

- CPU Server and/or client
- Router
- Install Kit
- 15" Touchscreen Monitor
- PIN pad
- QWERTY keyboard
- Mouse
- Base Passport software
- Documentation
- Parts only hardware warranty
- Dispenser Hub
- First year help desk

Customers may re-use peripherals from G-SITE, such as the Report Printer, Receipt Printer, Cash Drawer, and Customer Display.

Customize Add-Ons to Meet Business Requirements

A system may be customized to meet unique requirements by adding additional software modules, or hardware options.

Additional software modules include:

- ES – Enhanced Store
- ER – Enhanced Reporting
- AM – Advanced Merchandising
- EM – Employee Management

*Contact your local Gilbarco Veeder-Root Distributor for information regarding the G-SITE Trade-In Program.
