* Standard fuel can not be dispensed through the same hose as flexible fuels.

Encore® 300

Encore® S

High performance

Handsome ROI

Encore®

Can new dispensers generate new profit? When you choose the Encore family from Gilbarco Veeder-Root, they can. Whether you're looking for a fresh look, the highest reliability, a better flexible fuel offering, or a whole new way to market your brand, Encore has what you're looking for.

As the technology leader, we've designed the Encore family to grow with you. So no matter which model you choose, your investment will keep paying off for years to come.

Encore® 300

Proven. Reliable. Durable.

The Encore 300 offers more than you ever expected from an entry-level dispenser. Gilbarco's ergonomic design sets the standard for usability, and a 5.7" display with soft keys provides marketing and branding opportunities.

Customer-friendly

- > ATM-style consumer interface
- > Large brand panels located near eye level to promote your brand

Flexible

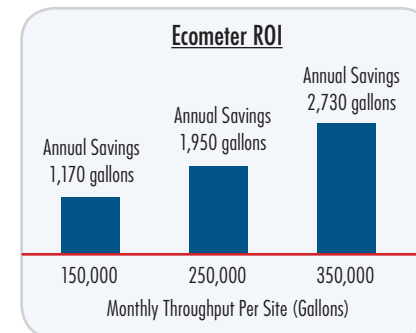

- > CRIND® options allow you to strike your own balance between affordability and versatility
- > Available as dispensers, pumps, MPDs, blenders, and high-flow models
- > Customer Interface Module is available in three different positions, depending on the number of hoses selected

Reliable & Durable

- > Electronic calibration reduces maintenance costs
- > Consistent inlet locations make service easier
- > Durable construction and external surfaces sustain their performance and appearance over time

Encore® S

Dispensing more than just fuel.

Gilbarco is redefining the forecourt with the Encore S, a Web-enabled dispenser that offers more of what matters in your world. Available in full color, it delivers improved margins, increased loyalty, and smoother operation — today and in the years to come.

Applause™ Media System

- > Constantly updated promotional content to refresh your messaging
- > Value-added promotions and coupons keep customers coming back
- > Modular platform is easy to expand
- > No changes to CRIND® peripherals or most POS systems required

Unmatched environmental protection

- > Flexible fuel option offers integrated dispensing for alternative fuels, including biodiesel and E85
- > Optional VaporVac® system meets Stage II vapor recovery requirements without nozzle bellows

Advanced security and payment options

- > Better physical fuel protection from a PIN-protected operator keypad, optional meter collar and a variety of cabinet locking options
- > Better payment security options, including a secure card reader, an encrypting keypad, and full PCI and EMV-certified CRINDs
- > More payment options, including RFID contactless payment, cash acceptors and barcode readers

Superior design and durability

- > Optional Ecometer™, the industry's most proven advanced meter, provides improved accuracy to conserve your valuable fuel
- > Easy installation, with a roomy hydraulics cabinet and no below-grade access required
- > Superior usability, with a reliable, high-speed 6" printer, positive feedback grade selects, angled hose outlet castings and ergonomic nozzle boots
- > Superior durability, with a best-in-industry 4-year corrosion warranty, solid metal frame and sheathing with automotive-quality coatings, and a high-quality PPU lens
